

7th International Conference on Numerical and Symbolic Computation:
Developments and Applications
10-11 April, Lisbon, Portugal

Dear Colleagues

The Mini-Symposia submission deadline was extended to 7th February. This form of participation in SYMCOMP 2025 (<https://symcomp2025.isel.pt/>) provides a greater involvement in this multidisciplinary event and contributes to shaping the characteristics of each conference edition. Accordingly, we invite all colleagues to submit a proposal for a Mini-Symposium.

Key Dates

- Deadline for Mini-Symposia Proposals: February 7, 2025
- Deadline for Abstract Submission: February 14, 2025
- Conference Dates: April 10-11, 2025

Opportunities for Participation

- Mini-Symposia Proposals:
Submit proposals to lead focused discussions on specific topics and gather thought leaders in your field.
- Abstract Submissions:
Showcase your latest research, from theoretical advancements to practical applications, in this dynamic forum.

Why Participate?

- SYMCOMP 2025 is a conference where new developments and applications in numerical and symbolic computation are presented and discussed. Various topics, including computational methodologies, algorithms, and their practical applications across several scientific domains bring together researchers' communities, with potential cross-fertilization benefits.
- Special Issue Publications:
Participants can submit enhanced versions of their presentations for publication in renowned international scientific journals. (https://symcomp2025.isel.pt/?page_id=55)
- Young Researcher Awards:
Early-career researchers can compete for the Young Researcher Awards, offered in partnership with Wolfram Research. (https://symcomp2025.isel.pt/?page_id=54)

Join Us!

For further details and submissions, visit: <https://symcomp2025.isel.pt/> or contact via amelia.loja@isel.pt

We look forward to your participation!

Amélia Loja
Chairperson
